

HENSOLDT Holding Germany GmbH Reorganization

Effective immediately, due to internal corporate reorganization, HENSOLDT Holding Germany GmbH has become a party to DSP authorizations (including agreements) to which HENSOLDT Sensors GmbH and/or HENSOLDT Optronics GmbH, its German operating subsidiaries, are a party. Due to the volume of authorizations requiring amendments to reflect this change, the Deputy Assistant Secretary for Defense Trade Controls is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved license authorizations. The amendment waiver does not apply to approved or pending agreements.

All currently approved DSP authorizations identifying one or both of HENSOLDT Holding Germany GmbH's aforementioned operating subsidiaries will not require an amendment to reflect this internal corporate reorganization. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying HENSOLDT Holding Germany GmbH's aforementioned operating subsidiaries will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received after **January 17, 2018** shall identify HENSOLDT Holding Germany GmbH and its relevant operating subsidiary or subsidiaries on the license. Applications listing only one or both of the operating subsidiaries will be considered for return without action for correction.

All currently approved agreements will not require an amendment to be executed to reflect the reorganization. HENSOLDT Holding Germany GmbH may be added to the agreement as part of the next major amendment. The agreement holder will be responsible for amending their agreement. New DSP-83s must be executed as a result of this change, as applicable.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to U.S. Customs and Border Protection at time of shipment.
